

**Showtime on Ice Dance Level Equivalency to USFS Freestyle Levels**  
**FOR SHOW CASTING PURPOSES ONLY**

Showtime on Ice is cast based on a skater's freeskate level. Our coaches have created a chart that most closely matches each dance level to a freeskate level. These are not USFS equivalencies and are only used as a guide to move a dance skater into the appropriate freeskate level where he/she can skate at the same skill level in the group/part where they are cast.
